

I am writing to you in support of the K-LOVE radio station and would like to make a brief comment about my desire to see their broadcast remain on the air. The service and ministry that their station provides is priceless. In a world of hopelessness and discouragement that most of the population in the U.S. is going through today, this radio station provides relief from these burdens by providing the message of the Gospel to a lost and dying world. They serve the community that I live in by providing spiritual and positive encouragement in a way that is invaluable. If their frequency were to be replaced by another station, specifically a LPFM, it would have a devastating effect on our community by not having positive and encouraging music to listen to. The service that this radio station provides definitely is in the public interest because of the message that it has and the positive way that it transmits this message. Specifically, the message of Love, Hope, Joy, & Peace that comes from the Gospel and the positive effect that it has upon those who hear it. At a time when our Nation is at a crossroads to abandon the Godly principles that this Country was founded on or to hold fast to the promise of God and Faith in a Risen Savior, K-LOVE is needed now more than ever and if their station was no longer available, I believe the result would be devastating not only for the community that I live in, but also for a Nation that we all are a part of. Thank You for considering my thoughts on this matter and may God bless your decision.
